

POLYTOON™

*Wheeled Polytoons are also available.
Making moving your docks much easier!*

The Polytoon floats are made from high density polyethylene. They are rugged and will not get brittle in cold temperatures. The Polytoons are not only easy to install and low maintenance, they have been designed to incorporate a number of innovative features to ensure endless hours of enjoyment

The Polytoon System is also very flexible and allows the customer to apply Polytoons to a multitude of applications, limited only by one's imagination.

The Polytoon System allows customers to create a dock or platform of any shape and size. The decking is generally made from outdoor wood because the Polytoon systems receiving slots are sized for regular dimensional lumber.

You can do all of the wood construction yourself or have Free Form Plastics construct a completed platform to your specifications. Delivery to your location can also be arranged.

Free Form also offers a full line of the highest quality, most durable hinges and braces available anywhere in the marketplace. One simply cannot claim to have a great dock system without high quality attaching hardware. These hinges and braces are electrochemically plated to ensure excellent resistance against corrosion.
