

FOR DRY CONCENTRATE
IN LIQUID BLENDING

The MIXSYS by Free Form Plastics is a cone bottom mixing tank that is designed to allow creation of custom blends whether liquid or solid (dry concentrate) (like Agrotain). Dumping large bulk bags/containers can be very difficult with a regular tank, but the MIXSYS is set up with a large 60" × 60" opening, ladder and plumbing to make it simple!

Product Description

HD 10° cone bottom tank allows for complete drainage.

HD cone stand for easy and safe transporting.

Cone bottom stands and cone bottom tanks available in 1500, 2000 and 2500 imp gal sizes.

Easily secured to a trailer.

Custom fabricated extra large tank top opening, with lid, to allow easy fills with bulk containers.

Heavy-duty metal ladder.

Agitation fittings installed for quick and easy mixing of your products.

Pumps

There are 2 options of pumps to choose from to compliment your MIXSYS and create a very functional and compact system. One is a 6.5 hp Honda with a Wet Seal Banjo pump rated at 256 GPM or a 13 hp electric start Honda with a Banjo Wet Seal pump displacing 368 GPM. Both pumps would come installed on a powder coated frame with plumbing to allow the unit to draw into the tank to fill, recirculate product in the tank and mix as well as unload the tank. The plumbing also allows it to be used to circulate product in storage tanks.
